

WRD

Main application

Winch for various purposes.

Features

- 1. Light weight, compact design
- 2. High performance, High reliability
- 3. Optional functions
 - Incorporated counter-balance valve
 - Incorporated mechanical-brake

WRD010

Specification

WRD010

Specification	WRD010
Motor displacement	22cm ³ /rev
Gear ratio	20.1
Max.allowable flow rate	70L/min
Rated pressure	20.6 MPa
Unit Weight	Lightweight-type 26kg, Standard-type 36kg

Outline dimensions
